

JACKSTAYS

FEATURES

Conform to all safety regulations.

Certificate of conformity.

Comes with tagged label sewn into loop.

Custom made to required length.

Termination options of 5mm braid lashing or 8mm Bow Shackles.

Service of annual inspection. Highly recommended by insurance companies.

When your life or your family's life depends on it, do you trust your jackstays? Westaway jackstays are made from 3.5 ton breaking load webbing.

Loops are sewn with multiple rows of stitching which is in turn covered with PVC to protect the stitching from UV light.

Each jackstay comes with a "Certificate of Conformity BS 3481 PtII 1983" and is date tested.

Webbing is available in White, Navy or Orange.
